The complete kitchen and bathroom design and installation service

Welcome to Cambridge Kitchens & Bathrooms

“From first discussions through to project completion everything was done in a very friendly and professional way. We are delighted with our new kitchen.”

Jo

Over the years we have become one of the most successful independent kitchen and bathroom design companies in the area with showrooms in Cambridge, Newmarket, Bishop's Stortford and at our new Kitchen & Bathroom Experience Centre, at the Potton Show Centre, St Neots. A family run business since 1978, we are proud of our reputation of delivering exceptional design and value for money.

We are proud to work closely with self build company Potton, at their self build show centre, where we have created our new kitchen and bathroom experience centre. Many of our kitchen and bathroom design events and cooking demonstrations take place at our experience centre. If you are interested in finding out more, please visit our website or your nearest showroom for details of upcoming events.

We offer a tailored design service, meaning that your kitchen fulfils all of your lifestyle requirements to bring you a high quality kitchen at a budget that you can afford. Once your design has been finalised we will survey your room to ensure the design will work in practice and ensure the installation runs as smoothly as possible. We can then project manage the whole kitchen or bathroom through the various building stages. This will then leave you to carry on with your day to day life, knowing that your new kitchen or bathroom is being taken care of.
